GSA MEMBERS FOR ... **IVRI. Italy**

For over 60 years we have remained the market leader in Italy, growing every year within the surveillance and private security sectors. Employing more than five thousand officers and operating over eight hundred vehicles, we trade across no fewer than thirty-seven provinces whilst maintaining clear market leadership in the most important Italian regions.

Drawing on our extensive international expertise, selecting only the best staff and utilising the latest technology, we have been able to consistently, efficiently and effectively surpass the demanding requirements stipulated by our diverse range of customers. We are able to ensure clear and effective communications with all our international clients and partners thanks to our international, multilingual management and operational personnel.

Our proven ability to meet today's emerging challenges including cybercrime and antiterrorism training, had made us a valued partner for our customers that include corporates, public bodies, small-to-medium enterprises and retailers. It is our goal to revolutionise the marketplace by empowering our customers with 'Participatory Preventative Security'. It is by integrating fully optimised security systems with the latest technology, that are able to provide our customers with the ability to assess and mitigate their risks more effectively thereby creating the ultimate tailor-made security solution. To learn more about us and our range of services visit www.ivri.it
