BSL GROUP . France

Our commitment to excellence is the key reason why our turnover now exceeds twenty-three million euros and continues to grow at a rate of fifteen percent annually. With our eight-hundred full-time staff in France and our offices in the United States and the Middle East now allied with our partners within Global Securalliance, we are able to provide diverse businesses with comprehensive customised solutions that are local, innovative and wholly dependable.

By investing heavily in our staff selection and training, we ensure they provide our clients with the very best in terms of expertise, professionalism and enthusiasm. This approach can be summed up in the phrase 'Better Security for Leaders' and is core to the philosophy of all three of our subsidiaries and their respective services, which are:

BSL Security: An array of highly technical and effective security, surveillance and fire-safety solutions designed to protect property and people, alike.

BSL Services: A range of very effective tools, technology and services designed to enhance human surveillance capabilities and includes consultation, training, sourcing and recruitment.

Thifany: Specialists in operations and reception services for commercial events and trade shows. To learn more about us and our range of services visit www.bslsecurite.com
