WHO WE ARE

IMPEL SECURITY

NATIONAL SUPPORT
LOCAL RESPONSE

Grzegorz Dzik and Józef Biegaj founded Impel in 1990, following the establishment of a free market economy in Poland. Since then, the organization has grown from a staff of twenty into a dynamic holding company with over seventy thousand employees and associates. Today, Impel Group is the largest outsourcing provider in Poland, and, since it is a public listed entity, its trustworthiness and transparency are assured. We deliver a wide range of services, mainly for business customers, including Facility Management, Digital Services, BPO and Industrial Services.

IMPEL SECURITY . Poland

Impel S.A. (joint-stock company), with its subsidiaries in the security business unit, is one of the leading security organizations in Poland. Operating at the forefront of business support, we offer highly customised solutions by taking into consideration the individual needs and existing capabilities of each of our customers. Our comprehensive, integrated suite of security services provides companies, institutions and individuals with greatly enhanced levels of safety and reduced losses.

WiTo ensure that we continue to exceed client expectations, we constantly adapt and innovate our services in response to the ever-changing needs of our diverse client base. For example, thanks to the considerable IT expertise of the 150 developers and consultants within our sister company SI-Consulting, we have been able to further enhance our security services through the use of software-based solutions carefully tailored to meet the specific requirements of our customers.
